GEORGE LUCKTENBERG TO PRESENT NOON SERIES CONCERT

Dr. George Lucktenberg will present a program of Elizabethan music played on a Virginal, one of his collection of authentic and replica historical keyboards. The program will take place at noon in the Auditorium on Tuesday, April 18.

A champion of authentic interpretation of early keyboard music on historical instruments, Dr. Lucktenberg holds a doctorate in piano from Florida State University and taught for 30 years at Converse College in Spartanburg, S.C. He also taught for many years at the Interlochen Arts and Music Camp in Michigan.

He has assembled a collection of historical instruments such as harpsichords, clavichords, and early to modern pianos that he uses in his lecture-demonstrations. He tours with them in his "Harpsicart", a specially-fitted van. His expertise, ready wit, and unusual programming complement his audience appeal everywhere.
